intellectuals and society.** (Library of Modern Middle  
East Studies) 224p London 2016  
9781780766218 13,504  
:What does it mean to be an intellectual in Egypt  
today? What is expected from an 'authentic scholar'?  
And how does the mass media influence or reflect  
intellectual debates? Hatsuki Aishima explores these

questions by examining educated, urban Egyptians and their perceptions of what it means to be 'cultured' and 'middle class' - something that, as a result of the neoliberal policies of Egyptian government, is perceived to be a shrinking sector of society.

:The waves of protest ignited by the self-immolation  
of Muhammad Bouazizi in Tunisia in late 2010  
highlighted for an international audience the  
importance of contentious politics in the Middle East  
and North Africa. Chalcraft's ground-breaking account  
of popular protest emphasizes the revolutionary modern  
history of the entire region.... Beginning with  
movements under the Ottomans, which challenged  
corruption and oppression under the banners of  
religion, justice, rights and custom, this book goes on to  
discuss the impact of constitutional movements, armed  
struggles, nationalism and independence, revolution and  
Islamism.

:The massacres that spread across Algeria in 1997

- and 1998 shocked the world, both in their horror and in the international community's failure to respond. In the years following, the violence of 1990s Algeria has become a central case study in new theories of civil conflict and terrorism after the Cold War. Such "lessons of Algeria" now contribute to a diverse array of international efforts to manage conflict-from development and counterterrorism to the Responsibility to Protect doctrine and transitional justice.

:Northern Lebanon is a land in turmoil. Long under the sway of the Assad regime in Syria, it is now a magnet for Sunni Muslim jihadists inspired by anti-Western and anti-Shi'a worldviews. This book describes in harrowing detail the struggle led by an active minority of jihadist militants, some claiming allegiance to ISIS, to seize control of Islam and impose its rule

over the region's Sunni Arab population.

Pap 3,162

:O. Roy finds in the modern disconnection between faith communities and socio-cultural identities a fertile space for fundamentalism to grow. Instead of freeing the world from religion, secularisation has encouraged a kind of holy ignorance to take root, an anti-intellectualism that promises immediate, emotional access to the sacred and positions itself in direct opposition to contemporary pagan culture.

:This book compares the performances of four key  
non-state actors in the Arab-Israeli conflict ecosystem:  
the PLO, Hamas, Hizbullah, and Amal. It argues that is  
not the assets a militant group has, but rather how it  
acquired them that matters in explaining the variation  
in these actors' abilities to militarily resist and politically  
recover from confrontations with far more powerful  
adversaries.

:In 1910, al-Mahdi al-Wazzani, a prominent Moroccan Islamic scholar completed his massive compilation of Maliki fatwas. An eleven-volume set, it is the most extensive collection of fatwas written and published in the Arab Middle East during the late nineteenth and early twentieth centuries. Al-Wazzani's legal opinions addressed practical concerns and questions: What are the ethical and legal duties of Muslims residing under European rule? Is emigration from non-Muslim territory an absolute duty? Is it ethical for Muslim merchants to travel to Europe? Is it legal to consume European-manufactured goods? It was his expectation that these fatwas would help the Muslim community navigate the modern world.

:This book provides a comprehensive overview of the last 100 years in the Middle East from the perspective of social history. It is apt to date the beginning of the modern Middle East to the industrialization era, while it extends its reach into the present.

:"Producing Desire is a major, highly original, and often surprising presentation of sexual attitudes and practices in the Ottoman Middle East. The author uses a wide variety of contemporary sources to shed new light and draw original conclusions regarding changing attitudes toward sexuality in the Ottoman Empire before and after western influences. These influences are shown to have inhibited forms of male sexual expression that had occurred more freely in an earlier period. I recommend it enthusiastically for students, faculty, and the general public."--Nikki R. Keddie, author of *Modern Iran: Roots and Results of Revolution*
